

NCATA Legislative Alert

July 1, 2009

Dear Members,

Please e-mail these legislators and ask them **to raise revenues** so that teachers and teacher assistants remain in the classrooms! E-mail your own legislators, too! In addition, ask them to **approve the budget in the next two** weeks so that school systems will know the amount of state funding they will receive for the upcoming school year. Teacher assistants and teachers are already being cut in school systems around the state in anticipation of the reduction in allotment and the increase in class size. We must work together and speak in one voice to Raleigh – protect our classrooms and the education of North Carolina's students!

Sincerely,
Melinda

Melinda K. Zarate
NCATA Legislative Chair
